Southern Arizona Hiking Club (SAHC)
Trail Keeper
trailkeeper@sahcinfo.org

Thank you for your invitation to participate in trail projects with Pima County Natural Resources, Parks and Recreation Trails Program. Individual SAHC club members regularly volunteer for trail work for the Arizona Trail, Coronado National Forest, Pima County, ADOT, and private sanctioned trail maintenance work. We are unable, as a club, to commit to additional trail work at this time.

We are appreciative of Pima County's commitment to non-motorized recreational trails and routinely benefit from the County's trails program. SAHC would encourage any individual club member to volunteer for any trail work event. In our monthly bulletin, SAHC is able to publicize County trail work projects, facilitating individual member's desire to volunteer. We are also able to publish a description of your needs and your contact information so you can coordinate with individual SAHC members. Please forward any information about work events you would like publicized.

Thank You,

Christine Michalowski
